

- Lier un forum à un travail à faire ou un contenu de séance (via le cahier de textes)

Côté PROF :

The screenshot displays the Louisa-Paulin teacher interface. On the left is a dark blue sidebar menu with the 'PROF' header. The 'Cahier de textes' (Lesson Plan) option is highlighted with a red box. The main area is titled 'À FAIRE À L'ISSUE DE LA SÉANCE' (To do at the end of the session) and shows a 'Travail 1' (Work 1) entry. A red callout bubble with the number '1' points to the 'Ajouter un forum autour de l'activité' (Add a forum around the activity) button. A large red arrow points from this button to a modal window titled 'Ajouter un forum autour de cette activité' (Add a forum around this activity). This modal has fields for 'Titre du forum *' (Forum title) and 'Rubrique du forum *' (Forum category), with a 'Cliquer sur parcourir' (Click to browse) button next to the category field. A red callout bubble with the number '2' points to this button. Another red arrow points from the 'Cliquer sur parcourir' button to a third window showing a tree view of categories. A red callout bubble with the number '3' points to the 'SVT' (Science) category under 'Classe 3EME6'. A red text box with the number '3' says: 'Sélectionner la rubrique avec le public le plus ciblé possible (voir paramétrage des droits d'accès de la rubrique)' (Select the category with the most targeted audience (see category access rights configuration)). At the bottom of the main interface, there are buttons for 'Ajouter un travail' (Add work), 'Valider et copier vers...' (Validate and copy to...), and 'Valider' (Validate).
