We have ~~th~~ought of all our dears readers!

An explosive guest will explain and tell you the truth.

I leave you with this guest:

"Hello my name is Elena and I will tell you the whole truth about this story: Romeo has actually been a manipulator towards Juliet. He did not like Juliet he was looking for entertainment. He saw me too and also deceived Juliet. Tybalt knew it and wanted to tell the truth to Juliet but to silence him forever Romeo him killed. He later came to hide at home, confessing all. But it was too much of a secret to ~~hear~~ ^{hear} for me, I had to go talk to Juliet and her family. I explained to Romeo my feelings and he forbade me to talk to anyone about this secret. He was afraid for his reputation. He therefore preferred to commit suicide.

I'm sorry for his many fans I do not want to return a bad image of him but I have his death on my conscience."

That was the truth about Romeo. I hope you're shock~~ed~~ ^{ed} my dear readers.
See you next time ♡
