Romeo asked Juliet ^{to} marry on the beach, a paparazzi surprises them and throws the info.

Here is the scoop of today!!!:

Last night around 10 pm on Malibu beach was spotted Romeo asking Juliet to marry.

The paparazzi testifies: "I assure you!!! I have seen the whole scene imagine scandal haha!"

Romeo and Juliet show.

Juliet: "We just passed each other on the beach the photos taken are fake during, this time Romeo was tying his ^{shoe} X laces !!!"

Romeo: "Yet at 10 pm I was on this beach but I was not with Juliet but Rosaline."

For you the alibi for Romeo was quetined. It is true? It is false? You will discover it from near.

Rosaline: "I was not with Romeo last night I have no idea why he used me as an alibi."

Now let us give way to the testimony of Juliet's mother.

Lady Capulet: I'm sure it's all wrong.

Our little Juliet would never betray us for a vulgar Montague. It's not her style.

Yet the testimony of Juliet's nanny calls everything into question.

Nanny: I confirm that that evening at around 9.30 pm Juliet left the house telling me that she was going to join her cousin Thibault on the beach.

Yet this last arrived in ^{the} X manor house only minutes after Juliet left.

Why ^{would} she lie to me if she had nothing to ^{blame} X ^{herself} for?

After all these testimonies we do not know the truth even if we suspect it.

I leave you hungry and wish you a good day!!!
