Romeo and Juliet a passionate love story ?

From a witness;

« Hello, I'm Marie-Alice. I'm a farmer. A few days ago, I saw a scene of love between Romeo and Juliet. They ~~meet themselves~~ ^{met} in a field. They were talking and getting closer and closer. Romeo and Juliet eventually kissed ~~itself~~. I was surprised to see them kiss because I didn't expect it. But they are really a very beautiful couple ! »

According to several witnesses, Romeo and Juliet are getting very close and starting to create a strong relationship.

- Are Romeo and Juliet really a couple ?
- Is a true love of passion ?
- How do you react to their parents ?
- Will they be happy or unhappy with their relationship ?

THAT IS THE QUESTION.

You will find the answers to your questions in the next VERONA SUN article.
